Decision Just Handed Down Means Much to Second Class Cities.

One Thousand Lives Lost in an Earthquake in South America Last Month.

LATE HAPPENINGS BY TELEGRAPH

AN IMPORTANT DECISION

Frankfort, May 2.—Judge Du Bell handed down an opinion in the court of appeals reversing the judgment of the Kenton circuit court in the case of the board of education against the board of library trustees of Covington. The decision is of vast importance, holding that it is unconstitutional for the general council of second class cities to appropriate 1 per cent and 3 per cent of taxes levied and collected for school purposes towards the maintenance of a public library.

1,000 LIVES LOST.

San Francisco, May 2.—The firm of Castle brothers of the city has received a cablegram from their agent in Central America stating that more than 1,000 lives were lost in the earthquake April 18. More than 30,000 were rendered homeless. Of these the majority lived in the town of Quetzaltenango. An appeal for aid has been made.

MAY HANG THE PRISONER

Owingsville, May 2.—Thomas Bailey, who killed Alex Lemaster in this county several weeks ago for the alleged reason that he alienated his wife's affections and took her from him, is in jail here without bail. A telephone message from the place of the tragedy says that a mob is forming to come here and hang the prisoner, and the sheriff has the jail heavily guarded.

TO DEFEND MINERS.

Hopkinsville, May 2.—President J. D. Wood, of the United Mine Workers, and Judge W. H. Vest of Greenville, are there to confer with and arrange for the defense of the three miners arrested in Indiana and brought here charged with the murder of Deputy Sheriff Coffey.

TAKEN TO BRANDENBURG FOR TRIAL.

Londisville, May 2.—Esa Broadway, the negro who murdered his sweetheart at Huston, Meade county, several weeks ago, and was brought here for safe keeping, was taken to Meade county this morning for trial.

HENDERSON TO HAVE A STREET FAIR.

Henderson, May 2.—Henderson Lodge of Elks has appointed a committee to arrange for a street fair in the city in the near future.

Several More Found Below the Pittsburgh Wreck Yesterday.

They are not fully identified—Several More Victims are Still Missing.

CAPT. DOSS' WATCH WAS FOUND

While there is no organized work in searching for those still missing from the Pittsburgh disaster, several additional bodies were found yesterday. One, a girl found near Mound City, is believed to be Laura Dowell, the thirteen year old girl of Rayon Mills, Livingston county, who was on her way to Gayoso, Mo., to visit her grandmother.

The body of a girl believed to be Miss Fannie Blackwell of Mississippi, was also found. The only thing by which the body could be identified was a ring on each hand.

The bodies of an elderly man and a boy were caught near Columbus, and had not been identified at last accounts.

The body of Clay Breeze, of Uniontown, was found and identified. More bodies are now expected to rise.

In regard to the theft of Captain Wess Doss' fine watch, yesterday's Louisville Times says. Moley Hopkins, a colored roustabout on the ill-fated City of Pittsburgh, which was burned on the night of April 20, near Cairo, was arrested last night by Pittsburghmen Doran and Enright, as a suspected felon. Hopkins confessed to having stolen a watch from the person of Captain Sylvester Doss, one of the unfortunates who lost his life during the disaster. The watch was recovered at a pawnshop on First street, where Hopkins had pawned it.

Several days ago the local detectives were notified by Mr. Harry Doss, of Cincinnati, to be on the lookout for the watch and a diamond pin which had been taken from the person of his father. Captain Doss was a retired river pilot taking a pleasure trip with his son, who was a pilot on the boat. He was 60 years of age and died in the water of heart failure due to nervous shock.

It is believed that one of the bodies is that of Mr. L. B. Magill, of Tidewater, Pa.

The conclusion from the recent thunder storm is believed to have something to do with the bodies rising.

PADEREWSKI SAILS AWAY.

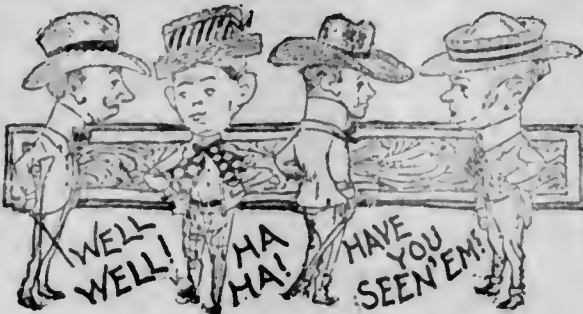

MADE \$125,000 IN AMERICA AND SAYS PARTING HOUR MAKES HIM SAD.

New York, May 2.—Ignace Paderewski sailed for Europe on the steamship Oceanic. W. Adlington, his manager, said the pianist had made \$125,000 during his three months here. "My departure from your country," said Mr. Paderewski, before the vessel sailed, "is to me a real sorrow. It is not true, as has been reported, that I ever made any comment derogatory to M. Knobelik. I admire his playing very much, and the report was a cruel lie."

MADE HIS OWN COFFIN.

Valley View, May 2.—Elba Hall, aged 82 years, died last night. He will be buried in a black walnut coffin he made himself twenty-five years ago. It has been used as a wheat bin, and is quite a curiosity. The deceased leaves a large estate.

Mr. and Mrs. John L. Grayot of Smithland were at the Palmer today.

T. P. A. MEETINGS.

Tomorrow the Kentucky Association Meets in Paducah.

Both the Indiana and Wisconsin Knights of the Grip in Session.

Tomorrow the annual state convention of the Travelers' Protective Association meets in Paducah, and a large number of prominent delegates is expected to partake of Paducah's well known hospitality.

The business session will consume the day and the banquet take place in the evening.

The toasts to be responded to at the banquet at the Palmer tomorrow night are as follows:

"The Louisville Drummer."
"The President of Kentucky's Drummer."

"The Drummer of Drummers."

"The Preacher Drummer" by Rev. G. W. Briggs, chaplain of Paducah Post.

"The Doctor Drummer," by Dr. J. R. Coleman, Post A surgeon.

"The Kentucky Drummer in General and Post 'A' Drummer in Particular," by Jerry M. Porter, Clinton.

HOOSIER DRUMMERS.

South Bend, Ind., May 2—Business houses are aglow with flags and bunting today in honor of the members of the Travelers' Protective Association, whose annual state convention is in progress here. From the standpoint of attendance the convention is the largest in the history of the Indiana division. The roll call showed an attendance of nearly 2,000 delegates, representing Indianapolis, Muncie, Evansville, Richmond, Marion, Terre Haute and other leading cities of the state. The state division has made a gratifying gain in membership during the past twelve months as evidenced by the reports of the various officers. The convention will last two days the business sessions being interspersed by interesting features of entertainment arranged by the local posts and the business men of South Bend.

IN WISCONSIN.

Racine, Wis., May 2—The large banquet hall of the Hotel Racine was filled to overflowing at noon today at the opening of the annual state convention of the Travelers' Protective Association. President M. E. Glids of Green Bay called the gathering to order, and after addresses of welcome had been delivered and responded to the convention took up the transaction of business. The report of Secretary H. E. Schroeder of Milwaukee showed that the Wisconsin division has made a gratifying gain in membership during the last year. The reports of the treasurer and other officers and standing committees were likewise of a gratifying nature. The convention will continue tomorrow and conclude with a banquet in the evening.

HAPPY MARRIAGE.

MR. A. R. WEBB MARRIED TO MISS FANNIE B. ORR, OF NEWARK, O.

Mr. A. R. Webb, cashier of the Armon branch home here, was last evening married to Miss Fannie B. Orr of Newark, Ohio, who arrived at 6 o'clock and was met at the depot by the groom with a license. Mr. Webb came from Newark and was to have been married there to Miss Orr, but pressing business here made it impossible for him to leave at this time, so the bride came here.

They were married at the First Christian church by Rev. W. H. Plakerton, the pastor, shortly after 6 o'clock and resided on Broadway near Seventh.

ELECTED CAPTAIN OF FULTON COMPANY.

W. W. Ennis, formerly a well known printer of Paducah, has been elected captain of the Fulton military company. Mr. Ennis served with the Third Kentucky in the Spanish-American war.

CUE EXPERTS.

SCHAEFER AND VIGNAUX TO BEGIN A \$500 CHAMPIONSHIP GAME.

New York, May 2—Devotees of the game of billiard are on the quiver in anticipation of a battle royal between the two foremost cue experts in the world. The match, which is scheduled to begin tonight, is to be between Jacob Schaefer, holder of the world's championship and Maurice Vignaux, who, until his recent defeat by Cure, was recognized as the champion of France. The articles of agreement covering the match call for 500 points at 18 inch ball line, one shot in ball, and a side bet of \$500 for each man.

GOOD PATRONAGE.

CORONATION OF FULTON'S CARNIVAL QUEEN TONIGHT.

Last night the Fulton carnival enjoyed a good patronage and all the shows were running in full blast.

The coronation of the carnival queen was not held last night but will probably be conducted tonight. The weather last night was excellent and quite a delegation left from Paducah.

TO START A TOWN.

Another Enterprise Credited to the Hillman Company.

To Build a Railroad and Establish a Small Town in Trigg County.

The Hillman Land and Iron company, which several months ago bought the Hillman lands in Trigg, Lyon and Livingston counties, besides the Grand Rivers property and other mining lands in Hopkins county, will in the very near future begin the construction of a new railroad from Grand Rivers to the old Center Furnace, just in the edge of Trigg county, between the rivers. There is also a project on foot with the company to establish a new town at the old Center Furnace place. They now have a large force of hands at work, and all of their mining and timbered lands will be developed as soon as the work can be done. They own thirty or forty thousand acres of fine mineral lands in various Western Kentucky counties.

MURDER TRIAL.

ALL PARIS INTERESTED IN THE PROCEEDINGS IN DE MORES TRIAL.

Paris, May 2—The sensational career of the Marquis de Mores is recalled by dispatches from Tunis stating that his alleged murderers are to be placed on trial today. Few names were more familiar to the public a decade ago than that of the Marquis de Mores. On both sides of the Atlantic his eccentric features attracted widespread attention. He is probably best remembered in America for his disastrous attempt to establish a mammoth packing industry on the Dakota ranges.

De Mores was murdered by members of a band of Touaregs in 1896, while on a military expedition into the interior of Africa. Since his death his relatives, particularly his widow, who was a daughter of the millionaire New York banker, L. von Hoffman, have been endeavoring to obtain the arrest and punishment of his murderers with the result that several of the band have been arrested finally and brought to trial.

SCHLEY AT MERIDIAN.

LARGE CROWDS GREET HIM AND HIS WIFE IN MISSISSIPPI.

Meridian, Miss., May 2—Amid the booming of cannon and the cheers of thousands of spectators Admiral and Mrs. Schley arrived in Meridian today. Last night and early this morning hundreds of visitors arrived from all directions and seldom in its history has Meridian entertained a larger crowd. The admiral was officially welcomed by representatives of the city, the board of trade and the cotton exchange. The day's program provided for a public reception, a luncheon and a drive to places of interest in and about the city.

TENNIS MATCH.

THIS YEAR THE SPORT BIDS FAIR TO BECOME VERY POPULAR HERE.

Six teams of the graduating class of the High school will play a match game of tennis at the Jefferson street court this afternoon.

With the spring weather tennis has been taken up and will prove a popular sport this season. The teams are divided, six boys and six girls.

MAYFIELD COUPLE MARRIED.

Walter Carter and Mrs. Donie Golas, who came here from Mayfield, and went to a boarding house as man and wife, were married by Justice Young yesterday afternoon late at his office on Fourth street. The ceremony was precipitated by the arrival of the woman's father, who came here and found them at the boarding house.

KENTUCKY DERBY.

Tomorrow it Will be Run at Louisville to a Large Crowd.

Tonight Will be a Lively Sparring Match at Athletic Club.

Louisville, Ky., May 2—Tomorrow the race meeting at Chateaubain Downs will open with the historic Kentucky derby. The horsemen are gathered in force and are sending their bangtails down the line in good form. The track during the past few days has been in splendid condition and many fast works have been recorded. The track, it might be said, has been in perfect shape all week and as a result the Derby candidates have all been out. It is generally conceded that John W. Schorr's Abe Frank, Frank McDowell's Alan-a-Dale and John E. Madden's Slipthrift will be the contenders in the Derby, with Abe Frank a slight favorite.

The presence of hundreds of visitors for the American derby causes the Empire Athletic club to expect a large attendance tonight when Joe Choyinski and Al Weing come together before the club for a twenty round bout. The two have never met in the ring before, but from their records against various opponents they are expected to put up a rattling contest. Weing recently added to his laurels by giving "Kilt" Carter a terrific battle in Chicago. Choyinski, though one of the veterans of the ring, is still regarded as a tough proposition for the best men of his class. Both appear to be in good shape for the battle.

WESTERN ORATORS.

DEBATE BETWEEN DENTER AND WYOMING UNIVERSITIES.

Laramie, Wyo., May 2—The debate between teams representing the University of Wyoming takes place at the latter institution tonight and it promises to be the event of the university year. Wyoming is to be represented by Messrs. Carlson, Tibbels and Downey, while the visiting team is composed of Messrs. Griffin, Thomas and Carmine. The Wyoming boys will have the affirmative and the Denver team the negative side of the question. "Resolved, That municipalities should own and operate their public utilities."

The Joe Fowler arrived from Evansville today a little late and departed about noon on her return trip.

The Maude Kilgore left this morning for Pittsburg wreck with several passengers on board. She afterwards goes to Cumberland river.

Observations taken at 7 a. m. River 18.4, on the gauge, a rise of 1.1 in last 24 hours. Wind southwest, a light breeze. Weather clear and warmer. Temperature 76.

Hell, Observer.

Today electricians from the Chapman Electric Co., of Louisville, are putting in an electric light plant on the steamer George Cowling. The boat has been using acetylene gas but will discard that method of lighting altogether.

Courier-Journal: Away back in the '40s, before towboats were introduced coal was floated south in barges lashed together in pairs and handled by from fifteen to twenty-five men each. When they reached New Orleans the crews were paid off and would return to this city and Pittsburg as deck passengers. Most of them would get drunk and almost take possession of the boat. Upon one occasion two or three crews of drunken coalhaulers refused to pay their passage and defied the officers of the boat to collect it. The late Captain Mose Irvin was mate on the boat. He called the "mud" clerk downstairs to the deck back of the engine, fastened the hose to a big "nigger" pump and told the clerk to "get his money." Captain Mose warned the deck passengers to "pay or jump overboard and swim ashore." He turned the hose loose upon them in full force and drove them back to the stern of the boat like rats. In fifteen minutes that crowd of toughs were not only nearly drowned, but they were sober and every man of them paid his passage and behaved himself the remainder of the trip. Captain Mose remarked: "I'm from Pittsburg myself."

Roadmaster Pat Galvin returned to Louisville this morning, after a business visit to the city.

COURT AT SMITHLAND.

MAN WHO SHOT A BOY GOT 15 MONTHS—HEAVY FINES ASSESSED.

Court at Smithland is being pushed, and the case of Mayhew, the blacksmith, against the town of Smithland for \$250 damages for draining water into his shop, is on trial.

Will Worley, the man who shot and badly wounded a boy named Tra Driscoll a few months ago because the boy called him a Democrat, was given 18 months in the penitentiary. He is regarded as half-witted by some but one of the jurymen wanted to give him five years.

Dallas Watson, whose brother was fined \$260 for shooting Jim Hudson, was fined \$400. The trouble started over a friendly wrestling match.

A young man named Nichols was yesterday fined \$200 for cutting a man at Grand Rivers.

MANY THIEVES.

FULTON HAS TO TAKE DRASTIC STEPS TO GET RID OF THEM.

There have been so many thieves and gamblers in Fulton this week, attracted by the carnival, that St. Louis detectives had to be sent for to spot them and run them out of town. They would cross from one state to the other and in this way greatly annoy the officers.

The executive committee of the Elks carnival have taken ample precautions to see that none of the grafters do any business here during the carnival. They will be given orders to leave as soon as spotted. Two of those who were here last year are now serving three year sentences for stealing a diamond pin.

CADETS GRADUATE AGAINST THE GROOM

Large Crowds at the Naval Academy to Attend the Exercises.

Diplomas Delivered by President Roosevelt—New Secretary also was Present.

FIFTY-NINE IN THE GRADUATING CLASS

Annapolis, Md., May 2.—The large crowd assembled today from every part of the United States was proof sufficient of the great interest which the navy inspires. The chapel of the naval academy was not large enough to seat all the spectators, and the crowds were compelled to wait outside. Finally, when the diplomas were delivered from the band stand, the crowd which surrounded outside the ropes extended eight deep. In delivering the diplomas President Roosevelt made a brief address congratulating the cadets upon their graduation, and dwelling upon the importance of their future duties and responsibilities. Mr. Moody, the new secretary of the navy, also was present, and made a few remarks to the graduates.

Today's graduating class numbers fifty-nine cadets. In the course of the ordinary procedure the class would not have graduated until June, but the death of officers in the navy caused the advance date to be set. The addition of the fifty-nine new ensigns will greatly relieve the bureau of navigation in its effort to obtain enough commissioned officers to discharge the duties devolving upon them at sea. The new ensigns are, of course, without experience afloat, but they will relieve others who have had some experience, and who can in turn be assigned to some more important duty than that upon which they have been engaged.

BODY NOT FOUND.

REMAINS OF MR. WILLIAM THRELKELD NOT RECOVERED YET.

The body of Mr. William Threlkeld, who was drowned off the John S. Hopkins ten days ago, has not yet been found. He was a cousin of City Attorney J. M. Judge Husbands Declines to Give Will Poe His Youthful Bride.

She Has Charged Her Mind and Does Not Desire to be a Wife Any Longer.

NOTES FROM TODAY'S LOCAL COURTS

CIRCUIT COURT.

In the habeas corpus trial this morning in which William L. Poe endeavored to obtain his young wife from her father, Judge Husbands declined in favor of the father, the girl saying that she did not want to live with her husband any more, and that she was forced into the marriage.

Poe married the girl, Miss Cora Pool, age 13, of the Clark river section on the 19th of the last month at Metropolis and the next day she was sent to her home to secure clothes and other belongings preparatory to taking up her home with the groom. She never returned and Poe learned that her father was keeping her under lock and key. He then took out a habeas corpus proceeding and in this way tried to obtain the possession.

This morning the girl and her family appeared and the bride told the court that she did not want to live with her husband and that she was married through misrepresentation and that the marriage was brought about by deception and fraudulent means. She also filed a petition asking for a divorce giving these grounds for the action.

In the case of Margaret E. Emery against Ferriman the action was transferred to the equity docket.

Robert Buckner age 15, Roy Dnnlap age 15, Genie Mack age 15, Norman Red age 14, all colored youths, were this morning ordered to the reform school. One of the boys, the oldest, tried to get out of the trouble by claiming to be above the age, but narrowly missed being sent to the penitentiary.

J. B. BOWLIN IS IN METROPOLIS, WHERE HE CREATED A SENSATION.

J. B. Bowlin, the man who attracted some attention here for a few days this week, has gone to Metropolis, where he finally landed in jail.

It seems he started to Portland, Ore., from Nashville, and became demoted here, his ticket expiring. He is said to be a discharged federal prisoner who was released at Middleboro.

In Metropolis his mania seemed to be for writing checks on a Louisville bank. He attempted to jump his board bill. Mr. Copland started out in town to look him up but he kept dodging about mysteriously. Meeting W. C. Shelton, Bowlin asked him to go to the Copland and get a small bundle which he had left there and offered as pay a check for \$5 written on one of the old state bank blank checks.

Later on he met two country boys in a wagon as they were coming into town and compelled them to drive him to the depot. By this time Deputy Sheriff Smith learned of the man's maneuvers and going to the depot placed him under arrest and placed him in jail. One of his hallucinations is that he has a large amount of money in a bank in Louisville and he offers checks in payment for everything.

He has a certificate showing that he is admitted to practice law in the state of Kentucky.

A TIMELY RESCUE.

THE PIONEER WHO HAD TO WORK HARD, ONLY TO BE SHOT DOWN BY INDIANS.

There is nothing more thrilling than to see Buckskin Bill leading his cowboys and scouts to the rescue of the besieged pioneer, who is surrounded by Indians, fighting desperately to save his doomed wife and children. The crack of the unerring white man's rifle is echoed by a yell of terror from the astonished Redskins, who finally gather up the remains of their decimated band amid another fusillade, hotly pursued by the daring scout and his intrepid followers. It is a scene that leaves a lasting impression on the mind, and gives a true idea of life in the far west before civilization was carried there by such men as Buckskin Bill. Those who attend the monster wild west exhibition here May 3 will see this in all its vividness and many other things besides.

POLICE MARKSMEN.

ST. LOUIS AND CHICAGO OFFICERS HOLDING A TELEGRAPHIC TOURNAMENT.

Chicago, Ill., May 2.—The best marksmen on the police forces of Chicago and St. Louis are contesting for supremacy today. The match is unique in that it is being conducted by telegraph. The two teams consist of 25 men each and 150 targets of the Standard American type will be used. For several weeks past the contestants have been practicing assiduously and as there is considerable personal rivalry between the police officers of the two cities the result of the match is awaited with interest.

DAILY THOUGHT.

Where is there a brighter, warmer spot than in the sunshine we create for others? It is the ingenuit of happiness.—Success.

THE WEATHER.

Fair tonight and Saturday.

To joke with the Russian press censor is a serious matter.

The drummers will be with us tomorrow. They are always welcome, whether they come for business or pleasure.

The new bird discovered by a resident of the south side is undoubtedly one of the luxuries we are to get out of that \$1.85 tax rate.

Governor Beckham is soon to announce to succeed himself. If he can get it as easy this time as he did the first, there is no use in anyone else running. He has one advantage, the Democrats do not have to be elected in Kentucky.

Mayor Yeiser states that he will inject a little life into the late lamented board of health. If he does, it will take a force pump to do it, and the elixir of life to prolong it, in the present board. What he ought to do is to see the members and ask them who wants to resign and who doesn't, and require those who do not to perform their duties.

The Lexington Herald, one of whose reporters was assaulted at the state college because some of the students did not like him, will find a great many papers in the state to agree with it that the faculty of the college should be fired by the trustees, and the trustees should be fired by the state authorities for making such a faculty possible. A few of the students should be sent back where they came from to learn manners, and in the course of time it is possible that it will be safe for citizens to venture onto the college ground without a body guard.

The present city treasurer collects the taxes. His salary is the one dollar a year fixed when the treasurer was elected last December for two years, and the council has also given him a commission on the amount of taxes he collects. On page 19, section 7, of the second class charter, is found the following: "All officers, deputies and employees of the city, except as hereinafter provided, shall be paid a fixed salary, and not otherwise, and all fees and commissions authorized by law shall revert to and be for the use and benefit of the city." Nothing is done exempting the city treasurer from the above provision, yet he is not paid a fixed salary, except the one dollar.

Mrs. G. F. Arthur of Chicago will arrive Sunday on a visit to Mr. A. W. Greif and family.

WELL REPRESENTED

Paducah is the Temporary Home of Many Theatrical People.

Buckskin Bill Show Leaves Tomorrow—
Three Stock Companies in the City.

LA BELLE PARK OPENS MONDAY NIGHT

There was never more theatrical people in Paducah than there are today. The town is full of them. They are at the hotels and many of the boarding houses. There are among them, representatives of every branch of the profession from the legitimate to the ring and arena.

There are Indians, Turks, Arabs, Mexicans, cowboys—and actors. Tomorrow the Buckskin Bill will leave Paducah for its third season. This year it is under the management of Allott and O'Brien of Chicago, and is about twice as large as it ever was before. It has been organizing here for the past several months, and bids fair to have a good season. Next year it proposes to enter the front ranks, Buffalo Bill to be in Europe with the management of the natural successor. The opening performances will be given in Paducah tomorrow afternoon and night, and from here, after a visit to several cities in Kentucky, it will go south. It employs a small army of people.

The Arnold Stock company is still holding the boards at The Kentucky and will close its week's engagement tomorrow night. It is a first class repertoire company and will close its fifty week season at Owensboro next week. Its specialties deserve particular mention. Its next season begins August 12.

La Belle park theater opens for the summer Monday evening, with the Dunbar-Lyall Stock company. Rehearsals have been in progress for the past several days and "Turned Up" will be the first play presented. The park has been greatly improved, and has many open air attractions.

Manager English's Stock company will all be in by Monday morning, when rehearsals will begin. The regular season at The Kentucky closes Friday May 9, with Ellery's Royal Italian band, and the stock opens Monday in "A Savage from Japan," a high class society comedy. Mr. Truo S. James has engaged only the best people, and the first to arrive is Miss Justina Wayne, the ingenue, who will be pleasantly remembered as "Dorothy" in "Hello Bill," the best comedy that visited The Kentucky this season. Miss Wayne who is both pretty and talented, is one of the best in the profession and the others are up to her standard.

Among the most enthusiastic in the audiences at The Kentucky are the Buckskin Bill star performers who have nothing to do at night but rest up and watch others work. There are among the visitors now in the city Elks, Eagles, Laubs, White Hats, Red Men, Elephants and other secret order men. By Monday most of them will have left.

Jimmy Ryan, the pugilist, has not yet arrived. The bout in which he is to fight 20 rounds, however, is to come off without fail. He is in good training, and there is really no need of his being here until the date of the contest.

As soon as the carnival is over and things have settled down pretty well, the gigantic Pain's "Last Days of Pompeii" will be extensively advertised. As it will be the first time any of Pain's productions have been in this part of the country, it is expected that immense crowds will come from all directions.

The Hornellsville, New York, correspondent of the Dramatic Mirror this week says: "The Wilbur Opera company opened here the 21 to S. B. O. and have taken the town by storm."

Sophie Burnham, prima donna, was accorded an ovation, and Hattie Richardson made a pleasing impression. A goodly share of the honors were accorded Gus Vaughan. Others deserving special mention are James E. Conley, John E. Young, Charles A. Fuller, the Gardner children and Italy Coriune. W. H. Kohule, comedian, joined the company here. This is the home of Sophie Burnham and many social functions have been arranged in her honor. She has entertained several members of the company at her home. Robert W. Burnham, of Cleveland, is spending the week here. It will undoubtedly be a pleasant surprise to his many friends in the profession to learn that the engagement of Manager Charles A. Byrd, of the Shattuck, to Florence Graft, of the Wilbur company, is formally announced.

Prof. John Hobson, leader of The Kentucky orchestra, will add several members to his orchestra and will reorganize for the pleasure that can be gotten from a large orchestra. A room will be secured and regular practice nights set. It is thought that the orchestra can be made an excellent one and if any encouragement is given will give concerts.

The management of Buckskin Bill's Wild West shows has extended an invitation to the Matron of the House of the Friendless to bring the children of the home to the show, tomorrow as guests of the management.

Miss May Stockton, who is to be dramatic soubrette for the English Stock company, will arrive from Cincinnati tomorrow on the Avalon.

MONEY TO GIVE AWAY

City Gets Reckless With its Funds and Makes a Donation.

Former Mayor Lang Discovered a Mistake and There Was Confusion for Awhile.

There was a little excitement in official circles this morning when it became known that the city had paid the board of education over \$1,200 too much money last Monday in a settlement. The board received 45 cents on the \$100 as its share of the taxes collected, and had quite a sum still due it from the year's taxes.

Monday, owing to a mistake of the city clerk, it is claimed, the schools in a final settlement were paid \$1,200 too much of the city's good, hard earned cash.

It is understood the mistake was discovered by former Mayor James Lang, who is compiling a statement that will show where every dollar collected by the city in the past four years was spent. He discovered the error, and when Mayor Yeiser and Clerk Patterson investigated it they found he was correct.

A meeting of the school board finance committee was held with the treasurer, and the check fortunately not having been cashed, the money was cashed back to the city, and the mistake thus corrected.

LAWRENCE ANDERSON.

MAYFIELD MAN TO RUN FOR STATE SENATOR.

A Frankfort dispatch says: Judge Lawrence B. Anderson, of Mayfield, is considering becoming a candidate for the state senate from the district composed of Fulton, Hickman and Graves counties. Senator J. D. Watson of Graves, has represented the district for the last two sessions. It is largely Democratic and nomination is equivalent to election. Judge Anderson has received a number of letters from friends urging him to announce his candidacy. They assure him that he will have no opposition. He is at present deputy state insurance commissioner.

"Why do you go out between the acts at the theater?" "Because I fear it would disturb people if I went out while the act was in progress."

BIG FIGHT TONIGHT

ONE OF THE MOST INTERESTING OF RECENT MONTHS.

Louisville, Ky., May 2.—Not since the memorable McGovern-Sullivan fight has the interest of ring followers been aroused to such a pitch as by the contest between "Kid" Carter and Marvin Hart, which comes off tonight before the Southern Athletic club. Louisville has been the scene of all of Hart's successes and he is naturally a favorite with the local sporting fraternity. The Brooklyn fighter, however, is recognized as a clever boxer and a hard hitter and it is generally admitted that he will give Hart a furious battle. The contest between the two takes the place of the match between Jack O'Brien and Tommy Ryan, which was declared off. Ever since the articles were signed Carter and Hart have been hard at their work of preparation and appear to be in splendid shape. The advance sale of tickets indicates that the crowd will be one of the largest that ever witnessed a fist contest in Louisville.

SUMMONED BY THE POPE

Philadelphia, May 2.—Cardinal Martini, apostolic delegate to the United States, stated today that he had been recalled to Rome by Pope Leo XIII. While declining to be interviewed Cardinal Martini said he was about to leave this city and would sail for Rome as soon as he could adjust the affairs of the papal delegation. The cardinal has been in the city since Tuesday.

HAND PAINFULLY MASHED

Canton Bateman, colored, an employee of the Kilgore heading factory, was injured yesterday afternoon late while working with some timber in the mill yards. He got his right hand caught between two heavy pieces of timber and painfully mashed. Dr. Troutman dressed the injury.

GLASS STREET IN PARIS.

The French Capital Experimenting With an Odd Pavement and Likely to Succeed. The perfect pavement for streets is believed to have been discovered in Paris in a material which nobody but a few experts had regarded as practicable or economical enough for use. A street has been paved with glass and the Paris newspapers are loud in praise of the innovation.

Everybody who heard of the plan laughed at it before it was tried. It was argued that the surface would be too slippery for use and that it would be brittle and dangerous. In practice the pavement is found to afford an excellent foothold and it neither becomes dirty nor absorbs filth. The surface of the pavement is dull. All kinds of glass of debris are used in its manufacture and the cost is low. The inventor of the process expects to become rich, as other cities are watching the experiment with the idea possibly of adopting the same material themselves.

Hair Dressing as an Art.

The French have always taken hair dressing seriously. Now they are installing it side by side with the fine arts.

There is to be an Institute of Coiffure. Whether the immortals are to be limited to Paris has not been announced, but it is a foreign institution that there will be many heartburnings among hair dressing artists over the membership of the institute and its decorations.

Some hair-dressing Zola will clamor at the gates, brandishing a curling iron in one hand and a comb in the other and demanding immortality because of his famous pompadour, his subtly realistic onomatopoeia.

As to French women having their hair dressed by any race a la carte—pardon the thought!

Marquis Ito as a Writer.

Marquis Ito, who recently visited this country, has written an introduction for a new book in Japan. It is not the usual sort of preface, meaning well and saying little, but one which really goes into the subject of Japan.

Food Preservatives.

A Belgian doctor claims to have discovered a wonderful method of preserving the body of dead persons against the natural law of decay. Briefly stated, the process consists in placing the body in a closed receptacle, where it is exposed to air heavily charged with formaline. Formaline, which is used so extensively nowadays in food products, is doubtless a good thing to preserve bodies from decay, but it is a very bad thing to take into the stomach.

BICYCLES ON THE ICE.

Somewhat Novel to the Eye on the Frozen Surface of Gravesend Bay.

The Gravesend carpenters employed on the new houses going up at Sea Gate, Coney Island, who last week, as already noted in The Sun, went to and from their work across the frozen surface of Gravesend Bay, saved themselves thereby four and a half miles of travel daily. From Gravesend beach to Sea Gate around by the road the distance is three and a half miles; the distance between the two points straight across the bay is one and a quarter miles.

Forming first along the shores of the bay, the ice there was broken up by the tides, making, along the beach, a wide strip of broken jagged ice, difficult to traverse, and impossible for a wheel, but at Gravesend beach the men got beyond this strip by the very simple expedient of riding out to the end of the wharf there and dropping down onto the smooth ice from that; and on the other side of the bay, at Sea Gate, with water along it at all tides, and now smooth ice, there is a bulkhead over which they can take their wheels directly to or from the shore.

It is not a novelty in this water, but bicycles on the ice are; and the sight of these men traveling between Gravesend beach and Coney Island Point on wheels has been of interest all around the bay.

French Women Heroes.

France this year included no women in the list of those to whom she gave military medals of honor. The last woman to receive the medal was Mme. Marcial, cantiniere of the Twenty-ninth dragons, decorated last July, but in France there are thirteen women wearing on their breasts the military medal given only in recognition of uncommon bravery.

Thirty-three women, in all, have received the decoration, but the other fifteen have followed their old friends and comrades who died on the battlefields where the women prove their courage. Only the thirteen remain to wear the medals and tell the stories of the deeds that won them.

Woman a Successful Merchant.

In one of the canyons of the beautiful Los Angeles foothills, at the western end of the Santa Clara Valley, the home acre of Mrs. Reed has been held by the proceeds from the "stuffed prune industry" which she has developed. Chicago and New York markets demand all that she can supply. Her success is due largely to her dainty and artistic manner of packing the export.

Daisies Have Stage Fright.

Representative Daisies were discovered pacing nervously up and down the ways and means committee room recently.

What's the matter?" asked Representative McCallan. "You seem to be nervous."

"I'm nervous," replied Mr. Daisies. "I'm going to speak on this Philippine tariff bill. I always have stage fright for hours before a speech."

"And that reminds me," he continued. "Years ago President McKinley and I were waiting at a hotel to be driven to a hall where we were both announced to speak. Mr. McKinley was actually snoring his cigar, while I was pacing up and down, just as I am now."

"Major," I said, "don't you ever get nervous before a speech?" You are as cool as a cucumber, and I'm as nervous as the valdemonian of a young lady's seminary."

"My dear Daisies," he replied, "the difference between me and you is this. You have got your speech in your head and I've got mine in my pocket."

CROWD FOR GOLCONDA.

The Woolmen of the World will run an excursion to Golconda on the Bettie Owen Sunday, and the local base ball team will probably go up to play the Golconda boys. Today Mr. Walter Wilkins received a letter from the manager of the Golconda team wanting a date for that day. Mr. Kenney Murray, the local manager, has not decided yet, but the game will probably be played, as it will be good practice for the home boys.

COWBOY HURT THIS MORNING.

One of the Bucksin Bill rough riders was injured this morning while running with a horse. The time was a little early for the regular practice, and the cowboy was exercising the animal. A guy rope had been stretched across the way, and the man tripped over it. The horse tripped also, and fell over on top of the cowboy, dislocating a shoulder and painfully injuring his face. He was unconscious for some time.

MARRIED IN LOUISVILLE.

Mr. Will G. Hand and Miss Nellie J. Bauer, both of Louisville, were married at the home of the bride on Third avenue at 8:30 o'clock on Wednesday evening. The ceremony was performed by the Rev. A. Jansen of the German Baptist church, in the presence of a large number of friends. The attendants were Miss Mamie Lloyd and Mr. Oscar Brockman.

The bride is a niece of Mr. J. A. Bauer, the prominent pottery man of Paducah.

By all odds the quietest man in the United States senate is Mr. Simon of Oregon, who never makes a speech or enters into debate. CANCEROUS

ULCERS

Are in many respects like other ulcers or sores, and this resemblance often proves fatal. Valuable time is lost in fruitless efforts to heal the sore with washes and salves, because the germs of Cancer that are multiplying in the blood and the new Cancer cells which are constantly developing keep up the irritation and discharge, and at last sharp shooting pains announce the approach of the eating and sloughing stage, and a hideous, sickening cancerous sore begins its destructive work.

No ulcer or sore can exist without some predisposing internal cause that has poisoned the blood, and the open discharging ulcer, or the festering sore on the lip, cheek or other part of the body will continue to spread and eat deeper into the flesh unless the blood is purified and the Cancer germs or morbid matter eliminated from the circulation.

S. S. S. cleanses the blood of all decaying effete matter. It has great antitoxin and purifying properties that soon destroy the germs and poisons and restore the blood to its natural condition. And when pure blood is carried to the ulcer or sore the healing process begins, the discharge ceases and the place heals over and new skin forms. S. S. S. is a strictly vegetable blood purifier containing no mercury or minerals of any description.

• If you have an ulcer or chronic sore of any kind, write us about it, medical advice will cost you nothing. Books on Cancer and other diseases of the blood will be sent free.

QUEEN'S CORONATION

Arrangements Completed for the Impressive Ceremonies on Monday

The Queen Will Not Appear in the First Parade—Handsome Float is Being Built.

ALL PLATFORMS ERECTED NEXT WEEK

The committee on coronation has decided on the details of the coronation of the queen, which will take place Monday night about 8 o'clock. The platform and grand stand will be erected on the grounds for the purpose, and the queen will not appear in public until the coronation.

At 7:30 o'clock in the evening, after the initiative parade at 5:30 o'clock, carriages will be sent to the home of the queen, and the queen and maids of honor taken to the carnival grounds. About two blocks from the entrance they will be met by Dean's band and the Knights of Klacdnup, and escorted to the grounds, where the ceremonies will proceed.

The queen appears in public next the following day in the flower parade.

Her costume is to be made to order as soon as she is selected, and the float she is to use, now being built on West Broadway, is one of the handiest things ever made.

The queen's contest will close tomorrow night at 10 o'clock, and promises to be quite lively in the meantime. One candidate, as shown by today's vote, has increased 200 votes since yesterday.

The soliciting committee is getting more donations every day. The collection of those already made is progressing rapidly.

The advertising is not allowed to lag, but is being carried on extensively all up and down the road and along the rivers.

The queen's vote in today's poll follows, showing an increase of 200 votes for Miss Leake:

Ira Leake 976.
Ann Boswell 503.
Mamie Townsend 460.
Sylvia Callison 430.
Martha Davis 407.
Kate L. Plumb 405.
Hattie Terrell 402.
Laura Sanders 401.
Mary Boswell 400.
Fifth Langstaff 400.
Maggie Williams 400.

The parade committee has decided on the following line of march, the procession to form on Monday afternoon, May 12th, at 5 o'clock, at Fifth and Jefferson streets: March north on Fifth to Harrison, west on Harrison to Seventh, south on Seventh to Jefferson, east on Jefferson to Sixth, south on Sixth to Court, east on Court to First, north on First to Broadway, west on Broadway to Seventh, south on Seventh to carnival grounds.

The manner of formation will be as follows: Mounted police and band will form the right wing on Jefferson street, visiting Elks and local members in line south on Fifth street, Knights of Klacdnup and carnival queen left wing on Jefferson street, Bostock's band and marching attractions right wing on Monroe, fraternal parade, mayor and city officials, left wing on Monroe, fire department right wing on Madison.

The residents along the line of march are especially requested to decorate for the occasion.

Messrs. Wallace Weil, Charles Boyd and M. Marks were last night initiated at the regular meeting of the Elks, and the meeting adjourned over until Tuesday night, when there will be a called meeting to initiate a class, in order that the gentlemen elected to membership may become full fledged members before the carnival.

A MARRIAGE ANNOUNCED.

Next Thursday morning a marriage ceremony for several weeks will take place in Paducah. Miss Carrie L. Riecke and Mr. James E. Cooper will be married at 10:30 o'clock a. m., at the home of the bride. Miss Riecke is second daughter of Mr. W. H. Riecke, and Mr. Cooper is a well known tailor in Hopkinsville. It will be the second marriage of the couple, they having been divorced several years ago, the bride subsequently becoming Mrs. Gus Burnett, and later getting a divorce.

COLORADO PREACHER HURT.

"Uncle" Charlie Williamson, a colored plasterer and preacher, was struck by a switch engine in the Illinois Central yards near Tennessee street last night and knocked quite a distance, one rib being discovered broken when he was taken to the Illinois Central hospital for medical attention. Owing to the old man's age, it is likely he will be disabled for quite awhile.

Williamson was afterwards taken to the city hospital, where he now is.

DEATH OF MRS. PAT DONEGAN

Mr. and Mrs. Owen Donegan and daughter, Miss Ella, left last night for New Decatur, Ala., in response to a telegram announcing the death there of Mrs. Patrick Donegan, wife of the former's son, the well known young machinist. She was formerly Miss Mary Mahoney, daughter of a prominent furniture dealer of New Decatur. She died after a brief illness, leaving beside her husband, a one month old child. The funeral will take place tomorrow.

A HISTORICAL DESK

Mr. Carson, Nelson, of Birdsville, is the owner of an aged desk with a history. The desk was originally owned by Isaac Shelby, the first governor of Kentucky, and is a curiosity in the way of construction besides being a highly prized relic. Mr. Nelson secured the desk from Mr. O. Hodge, of Birdsville, who is a descendant of Governor Shelby. The old desk had been in possession of the Shelby descendants until Mr. Nelson became the owner.—Smithland Courier.

NEW RULE.

CARS WILL STOP ONLY AT CROSSINGS IN BUSINESS LOCALITIES.

The street car company is to inaugurate a new rule May 5, which will require motormen to stop only at the far side of a crossing, on Broadway between First and Sixth streets and on Fourth street between Madison and Clark. The custom has been to stop the cars anywhere one wants to get on, but in the business part of the city it has gotten so people stand out every 50 feet or more and stop the car. Hereafter they must go to the corner. This is done to save time and thus improve the general service. It is likely that in the near future the rule will be extended all over the system. In cities a street car is never stopped except at a corner.

CHRISTIAN ENDEAVOR.

CONVENTION BEGAN TODAY AT CYNTHIANA.

Cynthiana, Ky., May 2—The State Christian Endeavor convention began today with a large attendance, to last three days.

As always has been the case when religious conventions have been held in Cynthiana, the hospitable homes in this city will be thrown open to regularly accredited delegates, and entertainment will be provided for those Christian Endeavor workers who have signified their intention to attend the convention. It is estimated that about 300 delegates and visitors will attend the convention, and an interesting program has been prepared.

The convention will meet in the new Christian church, which has a capacity of about 1,500 in the main auditorium and galleries, so that there will doubtless be seats for the large congregations which will assemble the last of this week. On Sunday, the visiting preachers will occupy the pulpits at the churches of the various denominations. The music will doubtless be a feature of the convention, as the joint choir from all the local churches has been preparing special music for the convention, and Mr. Louis P. Evans, of Chicago, has been secured as musical director.

GAME LAW.

QUAIL MAY BE KILLED IN SEASON IN KENTUCKY.

Frankfort, May 2—The general assembly did not, at the recent session, as seems to be the general impression, enact a law prohibiting the killing of quail for sale purposes for a period of two years and prohibiting the shipping of quail out of the state at any time. Such a bill was introduced in the house, and was adopted by that body, but did not get to the senate in time to receive consideration there. Private Secretary Leigh has received numerous inquiries regarding the bill.

The only bird laws adopted were house bill 57, the Henderson Audubon Society bill for the protection of wild birds, other than game birds, and their nests and eggs and the house bill 153, licensing non-resident hunters, a law similar to that in effect in Ohio and Indiana.

BAPTIST CONVENTION

A NUMBER OF PADUCAH PEOPLE LEAVE THE CITY NEXT TUESDAY

Several Paducah Baptists leave next Tuesday for Asheville, N. C., to attend the Southern Baptist convention, which meets there and holds a several days' session.

Among them will be: Rev. G. W. Perryman and wife, Mr. Will Ed Covington and wife, Mr. J. R. Puryear and wife, Mrs. Charles Emery, Rev. L. W. Clark of Smithland, Rev. J. M. McGee of Leath, J. R. Stewart, of Lone Oak, and Rev. G. B. Rouse, of Lone Oak.

ROAD WILL BE BUILT.

SO SAYS MR. S. T. PAYNE, OF THE PADUCAH, CAIRO AND N. W.—I. O. ACTIVITY.

Mr. S. T. Payne, one of the promoters of the Paducah, Cairo and Northwestern railroad, left on the Fowler this morning on business connected with the new road.

Since the Illinois Central began pushing work on its road from here to Cairo, it was supposed it would stop other projects but Mr. Payne says his road certainly will be built. The profits and rights of way will be ready shortly, he said, and it is expected to begin work in thirty days.

Messrs. A. F. McArthur, and C. E. Flythe, who will do the grading for the Illinois Central's new road, T. M. Orr, chief right of way agent and L. L. Dagron, a civil engineer, left the city this morning early in carriages for the purpose of going over the right of way. Work is progressing rapidly, and all the contractors are hustling.

BALSCHANEFF CONDEMNED

SLAYER OF M. SIPIAGUINE TO BE HANGED ON MAY 3.

London, May 2—A dispatch to the Times from St. Petersburg says that Balschaneff, who, on April 15, shot and killed M. Sipiaguine, minister of the interior, has been sentenced to death by the courtmartial to which the case was referred. He will be hanged on May 3, in the presence of a few witnesses. Nothing is known certainly of his identity. It is now believed that he is an officer and not a student, which accounts for the extraordinary secrecy the police have observed throughout the case, and also for his trial by courtmartial. An arbitrary court tried Peter Karpovitch, who shot M. Pogolopoff, minister of public instruction, last year.
